SUCCESSOR.

and Japan's Cabinet; Health
Premier's Funeral Held.

Minister of Finance, K. Takahashi
arding the Premiership. Some
been made, and that the announce-
of ex-Premier Hara. It is generally
in definite, and it is reported
that the cabinet will be formed
by the 15th.

Count Takahashi, Minister of Fi-
nance.
All three are prominent in the
Japanese, or Government party.
Count Takahashi created a party
several months ago by seceding
from the army for interfering in
diplomatic activities. It was
incurred the disfavor of the mili-
tary element. A fourth position
mentioned is Baron Den, Governor
of Formosa, who is known as the
special favorite of Prince Yamaguchi,
president of the Privy Council and
the man whom many Japanese re-
gard as the real power behind the
throne.

It seems agreed among Japanese
that if Hara accepts it will be
merely temporary, more particu-
larly during the conference here.

BANKER IS SERIOUSLY WOUNDED.

Chicago's "Lovers' Lane"
Now Favorite Resort of
Hold-up Men.

CHICAGO, Nov. 10.—Lovers' Lane, a famous, isolated resort
way frequented by romantic couples,
which recently have been the scene
of robberies, witnessed another
tragedy last night when George
D. Matthews, assistant cashier of the
Mortgage Trust and Savings
bank, was shot and seriously
wounded by a lone bandit.

Matthews had taken a young
woman friend to her home and was
returning through "Lovers' Lane"
when something went wrong with
his engine. He stopped to investi-
gate, when the bandit emerged from
a clump of bushes and ordered him
to throw up his hands. The robber
pointed his command by firing
three shots, one of which struck
Matthews in the abdomen. The
wounded man managed to crawl
into his machine and start it, and
the city. The robber disappeared
and a passing taxi driver took him
to a hospital.

PACKERS DISCUSS REDUCTION OF PAY.

FRESNO, Nov. 10.—Reduction of
wages among employees of the Cal-
ifornia Peach and Fig Growers, Inc.,
was discussed at the meeting of the
board of directors held last week.
No action was taken and, ac-
cording to J. P. Alexander, vice-presi-
dent and general manager, some de-
cision will be made before the first of
December. He said that the pack-
ers' union has been very cooperative
and that they have not been consid-
ered by the California Associated
Growers, President W. M. G. G. G.

ARMY MULE AND NAVY GOAT KICK OFF AT PASADENA THIS AFTERNOON.

THREE HOT FOOTBALL GAMES BILLED TODAY.

Service, College and Prep Contests of First Degree Are Scheduled; Titles Are at Stake.

Football fans of the south need a ouija board to pick out the best attraction today. High school, college and service clashes afford a varied assortment. The dish includes the second annual battle between the Army and Navy at Tournament Park, a Southern California conference title contest between Pomona and Whittier at Claremont, and a game between those bitter rivals, Los Angeles High and Manual Arts, for the prep title at Wilson Field.

Both Wilson Field and Alumni Park, Claremont, are sold out. The only place left for the man who hasn't purchased a seat is Tournament Park. Here the Ninth Army Corps team will endeavor to extirpate last year's catastrophe, when the Pacific Fleet mopped up the Army in the line-up last year.

While the Navy rules a hot favorite, backers of the Army team say it won't be a shoddy wheat team, and some of them even go so far as to predict a victory. Eight lower all-American stars—four on the Army and four on the Navy—will play in the Crown City game. The Army had some so-called stars in the line-up last year, but they looked like woad dishwater when the Pacific Fleet stalked them. The play today, however, are all to be the real dyed-in-the-wool ones and not the woad.

In the Army's easy victory over the Navy last year, the "vander team" makes it a habit of the sharp ones. The Army has an individual scoring machine in Bill Ingram. Bill is an athlete in a football suit. He can punt, block and forward with much skill and dexterity. He can do anything on a football field and do it well. He has noble looks in his head, Struck and Struck in the backfield.

He will call the signals for the boys today. Ingram did it in the game with California, but it was not so satisfactory. Ingram is wonderful so long as he has a team's engine of attack, but he may suffer when he has to both attack and defend.

A former Northwestern star, Ingram is playing quarterback for the Army boys. He was awfully good last year, but it's a question whether he can approximate his college form. The railbirds predict a crash when he and Bill Ingram come together. The game today is that May is laying for Ingram and intends to knock him for a loop. The boys in the Navy and Army don't waste any love on each other and it is this that may make today's struggle very interesting. The Army for Los Angeles High school today in its annual clash with Manual will give the Pioneer a good game. The high school team is expected to win the first touchdown early in the game, and Enyat added to the total by running forty yards for a touchdown just before the final whistle.

Yes, Sir! It's a Real Fight When the Army and Navy Hook Up.

The Heavy Artillery is All Ready for Action.
The Ninth Army Corps and the Pacific Fleet have corralled all the stars in their districts for the tussle today. A year ago, following the extinction of the Army under the massive count of 124 to 0 determined efforts were made to line up a team capable of giving the Fleet boys a real game this year. Above we have some of the boys who are counted on to turn the trick. The four small heads are former All-American stars. Machine-Gun Smith is a former West Point team captain, and is rated as a demon. Bill Ingram is the big nose in the fleet backfield. If he is observed mulling around the Army ends it will occasion no surprise. He is also a former All-American star as well as the trio of three handsome chaps below him.

BABE TO TELL HIS STORY.

CHICAGO, Nov. 10.—Before passing sentence in the case of O. B. va Ruth, Meusel and Piercy, Baseball Commissioner Landis will let the defense speak its little piece. Leslie O'Connor, secretary to the commissioner, announced today that questionable had been mailed to the three athletes who defied baseball's rules and regulations by playing exhibition games after participating in a world series.

Just what questions the commissioner asked the recalcitrant athletes is not known and O'Connor offered no information in this connection. It was hinted, however, that among other things, the judge asked what influenced them to disregard the rules after Landis warned them to go home and forget baseball for the winter.

INDIANS TRAIN AT STOCKTON.

STOCKTON, Nov. 10.—President James R. Boldt, of the Seattle baseball club of the Pacific Coast League, today wired Commissioner P. A. Kenyon that Stockton had been selected as the 1922 training camp for the Indians. Seattle club will assemble here the first week in March and remain in Stockton four weeks.

ZBYSKO TO CLASH WITH "STRANGLER."

NEW YORK, Nov. 10.—Stanislaus Zbyszko, world's champion wrestler, will defend his title against Ed (Strangler) Lewis at Madison Square Garden, November 23. Tex Rickard, promoter, will present the winner of the match with a diamond studded belt.

BUFF RETAINS HIS TITLE.

MADISON SQUARE GARDEN (New York) Nov. 10.—Johnny Buff, bantamweight champion, retained the title by receiving the decision of the judges in his fifteen-round tilt with Jack Sharkey in Madison Square Garden tonight. The little champion from Jersey City knows he was in the toughest battle of his career, however. Sharkey stayed with him every inch of the way and never retreated for a moment whenever the titleholder chose to make the going.

SENT REELING.

Several times during the contest Sharkey sent the champion reeling with stinging punches to the face and body. There was a divided opinion when it was all over, many of the spectators being inclined to believe that Sharkey should have received a draw at least.

HOW TO REACH THE GRIDIRON.

Best routes of travel to Tournament Park are via Pasadena avenue or the Mission Road. For either route take North Broadway, through tunnel; cross bridge at Los Angeles River—Mission Road to the right and Pasadena avenue to the left. Either road will lead to the intersection of Fair Oaks avenue and California street, Pasadena. Turn east on California street to park.

Pasadena Won't Invite Anyone for Week Yet.

PASADENA (Cal.) Nov. 10.—Invitations to two football teams, representing the East and the West, to play here New Year's Day, will be issued November 19 or shortly thereafter. It was announced today by Seward A. Simons of the football committee of the Tournament of Roses Association.

"We will follow our usual course, in fairness to all colleges, and not determine what teams shall be invited until season results indicate a worthy choice for teams representing the East and the West," Simons said. "I believe that this will be determined about November 15. We are watching the games closely, and in view of the press dispatch from Lexington, Ky., today it is proper to say that Centre College is among the teams which are under consideration."

LEXINGTON (Ky.) Nov. 10.—Centre College has received invitation to play in an East versus West tournament Christmas Day at San Diego, Cal., but has decided not to accept any post-season games until it hears whether it will be invited to the Tournament of Roses at Pasadena New Year's Day. It was said today. The Colonels are being considered for this game, but no invitation has been sent out, a telephone message from Danville said today.

RAILSPLITTERS BUMP BULLDOGS.

Start With a Flourish and Win 21 to 14.

Pete Thompson Outstanding Star of Game.

Downs Glistens for Crown City Eleven.

BY "CHUCK" WEST.

The old adage about the well-known early bird was proved conclusively to all who saw Lincoln High trim Pasadena's football eleven, 21 to 14, yesterday afternoon at Tournament Park. By wading in furiously in the first quarter of the fracas the Railsplitters piled up enough points to give them a comfortable lead, and played a safe game for the rest of the battle.

Both teams had a smoothly running offense, but neither was much on defense. Tommy Davis' men plugged right through Pasadena in the opening period for a touchdown, and worked a neat pass for a second score shortly before the quarter ended. The Bulldogs then opened up with a fancy spread formation that counted two touchdowns, but Lincoln crossed the line again before the half was called for the final score of the game.

NO SCORING.

The prep ads about the well-known early bird was proved conclusively to all who saw Lincoln High trim Pasadena's football eleven, 21 to 14, yesterday afternoon at Tournament Park. By wading in furiously in the first quarter of the fracas the Railsplitters piled up enough points to give them a comfortable lead, and played a safe game for the rest of the battle.

Pete Thompson, the Railsplitters' left half, was the hero of the Lincoln aggregation, plunging across for his team's first touchdown, and being on the business end of the two passes that brought Lincoln's total up to 21. He also converted the three scores, and did some pugilistic circling. Bales was very much in the limelight, especially when he grabbed a couple of Thompson's perfect passes for a pair of touchdowns, while Dyer electrified the bleachers by tearing off a series of long end runs, varying any of the allegations.

FLASHES.

LOEW WILL SPLASH.

FAMOUS SCREEN STARS TO APPEAR AT OPENING.

By Grace Kingsley.

Screen stars, sometimes one at a pop, sometimes two at a pop, occasionally 100 at a pop, usually attend premier performances and theatrical openings; but seldom do they go en masse. It looks now as though that's exactly what they'll do tomorrow night, however, when the roll is called on the occasion of the opening of Loew's State Theater.

This isn't all. Nearly all of these stars will not only show, but also will show off. Scores of payers, famous throughout the world, will appear on the program, while others will decorate the boxes. The various acts they will do are being kept secret in order to serve as a surprise to the first-night audience. It appears indeed as though the bill will last into the wee small hours, and that all desiring will have a chance to say good morning to the milkman.

With regulation studio lights illuminating the entire building and a battery of cameras shooting the guests as they arrive, the occasion promises to be the most lively theatrical in the history of the city.

But there will be no lack of dignity, inasmuch as Gov. Stephens and Mayor Cryer have both promised to lead the list of their presence to the occasion, while Marcus Loew himself will be among those present.

Stars who will appear on the program will be Bert Lytell, whose photoplay, "A Trip to Paradise," will be a feature of the bill; Wanda Hawley, Ora Carew, Sylvia Breamer, Viola Dana, Alice Lake, Alice Terry, Katherine MacDonald, Robert Edeson, Sessue Hayakawa, Lewis Stone, Buster Keaton, Constance Talmadge, Milton Sills, Douglas MacLean, Colleen Moore, Betty Compson, Lila Lee, Lois Wilson, Theodore Roberts, Arthur Hays Sulzberger, Gloria Swanson, Eileen Sedgwick, Gladys Walton, Harold Lloyd, Hoot Gibson, Herbert Rawlinson, Mary Miles Minter, Madge Bellamy, Mr. and Mrs. Carter de Haven, George Behan, T. Roy Barnes, Jack Mithell, Virginia Valli, Enid Bennett, Anita Stewart, Wesley Barry, Jackie Coogan, Rudolph Valentino, Ruth Roland, Al St. John, Gloria Swanson, Colleen Moore, Eileen Percy, Eva Novak, Buck Jones, Shirley Mason, Jack Gilbert, Frank Keenan, Constance Talmadge, Hiers, Marguerite de la Motte, Thomas Meighan, Doris May, Harry Myers, Pauline Frederick, and others.

George Ada, who arrived in town yesterday, will be present and make one of his famous little speeches, and will act as master of ceremonies, introducing the film celebrities who will take an active part.

"MARY PICKFORD" OF ENGLAND IS HERE.

Modestly disclaiming her title of the English Mary Pickford, yet occupying in the hearts of the English public very much the place which Mary Pickford occupies in ours, Alma Taylor, British screen star, arrived in Los Angeles yesterday and is registered at the Alhambra. She will make pictures here, she says.

Miss Taylor, who is a beautiful young girl of demure type, is accompanied by her mother and by her director, Cecil Hepworth, of Hepworth Pictures Corporation, for her good fortune, however, she would not be able to be present at Loew's Theater opening at all, and, indeed, the affair might have been turned into one of mourning. For Miss Roland met with another accident Wednesday afternoon, when only kindly kept the star from being at least very seriously burned, and her hair was singed in front, while she is suffering with her eyes from the smoke.

Her hands were slightly burned, and her hair was singed in front, while she is suffering with her eyes from the smoke.

Half blinded by the smoke, Miss Roland managed somehow to find the ladder leading to the ground, and an extra man rushing to meet her, wrapped his coat around her, extinguishing the fire.

Her hands were slightly burned, and her hair was singed in front, while she is suffering with her eyes from the smoke.

Pickford-Fairbanks Return.

A general homecoming of all Pickford and Fairbanks forces is promised, judging by the direction in which the winds of rumor have blown the whereabouts of the pair. Undoubtedly the arrival in Los Angeles next Monday of John Fairbanks, brother and general manager for Douglas Fairbanks, will bring forth definite information as to whether Mary and Doug are to produce abroad or to return here for the making of their next photoplay.

John Fairbanks has been quartered in New York ever since the famous Doug and Mary sailed for Europe. He has been in constant communication with his brother concerning business affairs bearing on the making of the picture.

It is thought that he would return to the Coast unless she had received instructions to prepare the homecoming of the stars.

JEALOUS! .. SHOULD .. SAY .. NOT.

These Two Stars Are Real Chums, Believe Us.

Wanda Hawley and Bebe Daniels, who are both featured in pictures on the Reelart program. This vision of their blond and brunette loveliness was snapped on the doorstep of Miss Hawley's dressing-room bungalow.

RADIOS.

TULLY HERE SOON.

SERIES OF PICTURES WILL BE MADE FROM HIS PLAYS.

By Edwin Schallert.

Three plays, two of them celebrated successes of the stage, by Richard Walton Tully, are now in sight for production in the films in California. In the order in which they will be made, they are "The Flame," "The Tenth," and "The Flame."

Mr. Tully himself will arrive in California by December 1 to oversee the starting of the films. James Young will direct the first picture, beginning early next month.

Three months ago, Mr. Tully made plans for the filming of "Omar, the Tentmaker," which failed to mature at that time, because of the difficulty of obtaining a proper actor for the leading role. Rudolph Valentino has lately been suggested for the role in view of his manifold success in the oriental role of "The Sheik."

Mr. Tully is shown as a young man through most of the picture story. Mr. Valentino would doubtless prove especially suitable to the type of work.

"The Flame" will probably be the last of the series to be filmed. The picture will be made at the Brunswick studio.

ENSEMBLE MODERNE

IN FIRST CONCERT.

Truly unique in character was the concert given by "L'Ensemble Moderne" last night at the Casino Club Auditorium. The affair marked the first appearance of this new group of musicians, who present an instrumental organization unfamiliar to music lovers of this city.

The new ensemble is fundamentally a trio, made up of Emile Farir, solo violin, and Henri de Buscher, solo oboist of the Philharmonic Orchestra, and a pianist, Roger de la Motte, pianist, who returns to the concert platform after an absence of several years, at least in this type of work.

Fern Fitzwater, soprano, appears as soloist, giving a type of song that matches the numbers selected by the instrumentalists.

The concert was especially interesting in bringing before the public a composition written especially for the ensemble by Arthur Foote, and dedicated to Mrs. Loitt. A true novelty was this in the type of work.

"The Pipe," by Charles Martin Loeffler, a harmonist of considerable richness and power, though lacking in finer perception of form. These two numbers and an "Oriental" and "A la Campagne" by Hamilton Harty for voice and piano, the "Song and the Violin" by Emil Fauré, which the violinist himself interpreted, and a suite for oboe, violin and piano by Klughardt, comprised the instrumental selections.

Musical of this type is especially marked by its delicacy and its transparency, and found sympathetic treatment by the various musicians.

Mr. Farir's solo impressed very favorably both because of the beauty of the numbers and the precise precision was lacking in her accompaniment. She revealed a comprehensive grasp of the modern mode in the compositions as did the other musicians.

Miss Fitzwater appeared somewhat uncertain of herself in the presentation of such numbers as "Mandoline" by Debussy and "Cher Nuit," by Bachet, especially the latter, with its sustained passages. Her voice was known for his charming, however. There is evidence of vibrato in her voice, but it is not entirely due to nervousness. She evinces the quality of power and a brilliance which promise a very favorable future.

As a whole, "L'Ensemble Moderne" has proven itself a very attractive addition to the local musical world.

"Deception" Billed.

The three-week run of "Gypsy Blood" is scheduled to terminate at Tally's Sunday night. The picture is to be followed by "Deception," the story of Henry VIII and Anne Boleyn. In this, appear Emil Janney, already known for his interpretation of Louis XV in "Passion," and Hennes Porten a rival in the dramatic field of Pola Negri.

EDUCATIONAL FILMS OBJECT OF MERGER.

Cosmosart to Make Slow Motion Studies of Home and Factory.

With its object the making of educational motion pictures by means of the latest-perfected Cinel slow-motion camera, and the distribution of these pictures throughout the United States, Europe and the Orient, the Cosmosart Picture Corporation has recently acquired the patent rights to these cameras, and made a merger said to involve a sum of over \$700,000 with the Oriental Picture Corporation.

The Cinel camera is one of the most perfect slow-motion cameras ever devised, it is said. With it 224 pictures can be taken, and it is asserted, it is possible to analyze the most rapid and complex movements involved in industrial or scientific operations. The educational value of such pictures, especially in sections where few people are able to retain what is considered practically unlimited.

Arrangements have already been made by the Cosmosart Picture Corporation to distribute these pictures in Japan and China, where owing to the illiteracy of a great proportion of the population, their largest field of usefulness seems to lie. A delegation from Japan visited Cosmosart's studios yesterday and professed themselves delighted with the work they saw going on there.

According to J. E. Bowen, president of the Cosmosart Picture Corporation, the subject matter of these pictures will eventually include every mechanical, scientific or industrial process which can be photographed. Slow motion pictures of surgeons performing major operations will prove a boon to many doctors, and even make it possible for the layman to understand the technique of movements too delicate and rapid for the eye to catch. It is planned to give instruction in its uses in this way, and films are being prepared to teach osteopathy, chiropractic and dentistry.

Mr. Bowen, however, said he was greatly surprised to find that the first pictures asked for by the Japanese and Chinese were not films of this nature at all, but simple studies of American home economy, showing the housewife at work making pies, cakes and bread, the first concern of these people evidently being to learn how to raise the standard of comfort in their homes.

LOS FELIZ HEIGHTS

Tract Office - Vermont at Los Feliz Blvd.

LOS FELIZ BLVD.

TODAY is Your Opportunity to See LOS FELIZ HEIGHTS

Avail yourself of this holiday to select that homesite. "Just far enough away"—above the city but within it. Where the wealth of view and the mental quiet are an inspiration to the man of affairs and a solace to the family.

Where Vermont meets Los Feliz at the Hollywood foothills. Property of the kind now in greatest demand—and eventually to become almost priceless. The chance to own a home place in this "better part" of Hollywood is limited. Discerning investors will recognize this fact.

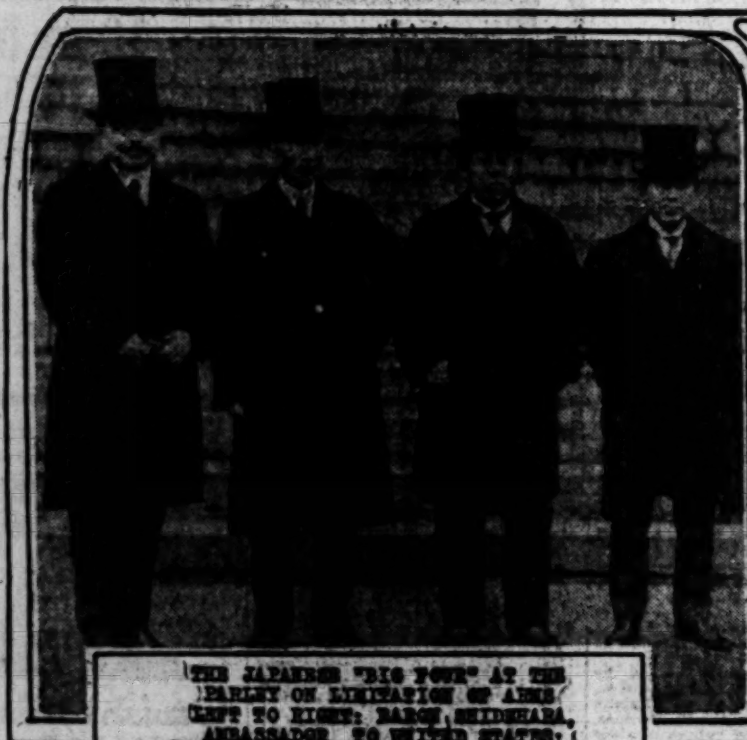

Months of preparation have been spent in making Los Feliz Heights ready. Come now and motor over its winding driveways against the hillsides. The view across Hollywood and the better, cleaner, part of Los Angeles will live long in your memory. Ask at the offices for any information.

Real improvements being installed rapidly. Taxes paid for the coming year. Restrictions as moderate as consistent: Very convenient to markets, churches, schools. Accessible by street car and over the finest motor boulevards.

Los Feliz Heights will answer your every desire!

Los Angeles Daily Times

NOVEMBER 11, 1921.—[PART I.] 9

[illegible][illegible][illegible][illegible][illegible]

The image shows a close-up, vertical view of a dark, heavily textured surface. The texture appears fibrous or woven, with many fine, parallel lines running vertically. There are subtle variations in tone, ranging from deep black to a slightly lighter, charcoal grey, suggesting wear, moisture, or different materials layered together. On the right side, there are two distinct, bright white circular highlights, which appear to be reflections or light sources passing through holes or gaps in the material. The overall impression is one of age, mystery, and tactile complexity.

CHIROPRACTOR LOSES IN COURT.

Information Against the State
Medical Board Denied.

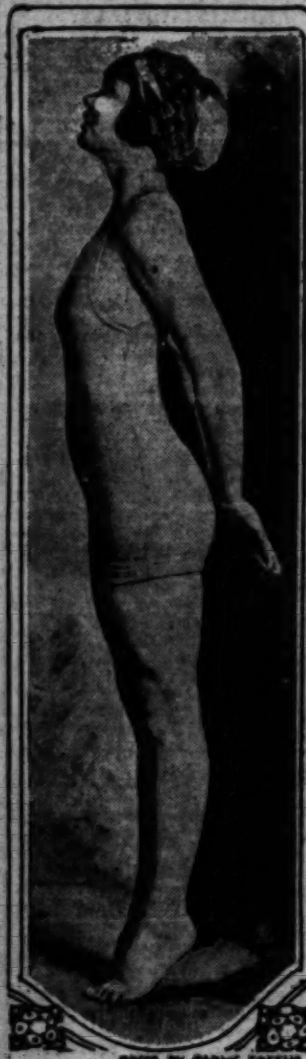

Constitutionality of Act is
Questioned in Suit.

Government-Trained Doctor
Fighting for Rights.

U. S. Circuit Judge Ross, and U. S. District Judge Trippe, and the State Medical Board, are today sitting in a court to determine the constitutionality of the State Medical Practice Act, passed by the Legislature in 1915. The act provides for the regulation of the practice of medicine in this state, and for the establishment of a State Medical Board, to be composed of five members, three of whom shall be chiropractors, to regulate the practice of medicine in this state, and to enforce the provisions of the law. The act was challenged by Dr. B. B. Ballard, a chiropractor, who is now fighting for his rights in court. The act provides that any person who practices medicine in this state without a license from the State Medical Board is guilty of a misdemeanor. The act also provides that any person who practices medicine in this state without a license from the State Medical Board is guilty of a misdemeanor. The act also provides that any person who practices medicine in this state without a license from the State Medical Board is guilty of a misdemeanor.

The act was challenged by Dr. B. B. Ballard, a chiropractor, who is now fighting for his rights in court. The act provides that any person who practices medicine in this state without a license from the State Medical Board is guilty of a misdemeanor. The act also provides that any person who practices medicine in this state without a license from the State Medical Board is guilty of a misdemeanor. The act also provides that any person who practices medicine in this state without a license from the State Medical Board is guilty of a misdemeanor.

The act was challenged by Dr. B. B. Ballard, a chiropractor, who is now fighting for his rights in court. The act provides that any person who practices medicine in this state without a license from the State Medical Board is guilty of a misdemeanor. The act also provides that any person who practices medicine in this state without a license from the State Medical Board is guilty of a misdemeanor. The act also provides that any person who practices medicine in this state without a license from the State Medical Board is guilty of a misdemeanor.

Miss Gertrude Eggett.

SECRET OF BEAUTY IS REVEALED.

Most Perfectly Formed Girl
Advocates Showers, Raisins
and Aesthetic Dancing.

Since it is evident from cosmetic and beauty-parlor advertisements that beautiful women, like successful men, are made, not born, woman-kind will be interested to know the habits, diet and everything of Gertrude Eggett of Fresno. Miss Eggett has won the contest conducted by Physical Culture magazine, whose experts in such things declare her the most perfectly formed woman of the 10,000 contestants who have been sending in their photographs since last winter. Now, disregarding heredity or just natural beauty, Miss Eggett's bodily perfection may be imitated by compliance with these things: Before going to work in the morning—Miss Eggett is employed by the San Joaquin Valley Light and Power Corporation—take a shower bath and do some aesthetic dancing. Eat no breakfast, making lunch and dinner the only meals of the day. Eat little meat. Eat lots of raisins. To them Miss Eggett attributes the alabaster of her skin. Never use make-up of any kind. Never fall in love. Miss Eggett says she never has. Be 25 years old. Be born in Texas. Live in California thirteen years. Miss Eggett, by winning the contest, gets a contract with a film company for \$1000 in cash. It is not known which she will take. She is in New York, where she was summoned by the magazine before the final decision was made. Since she is the only support of an invalid father—her mother is long since dead—her victory really means something. Miss Eggett is slender, of course—5 feet 7 inches and 125 pounds. Although it didn't count in the contest, she is pretty, a brunette with lots of soft, brown hair, many eyes, perfect teeth and a lifted nose—the sunbonnet type of beauty. It is said Miss Eggett has three freckles.

RESTORATION OF MISSION PARK O.K.'D.

San Fernando Chamber of
Commerce Pledges Aid to
Plan for Improved Garden.

The recently-adopted nonsectarian plan of the Los Angeles Park Commission to restore to the people of Southern California the old garden of the San Fernando mission, whereby eight acres adjoining the mission will be improved and beautified at a cost of \$25,000, is meeting with the approval of San Fernando residents, according to reports received by The Times yesterday. At a meeting of the San Fernando Chamber of Commerce last Tuesday night the members of the organization informed the plan and pledged themselves to lend every assistance to the consummation of the project. It is expected that the movement will also be indorsed at a meeting of the Association of Chambers of Commerce to be held next Tuesday evening at the Porter Hotel in San Fernando. Among other San Fernando organizations which have indorsed the plan are the Women's Civic League, the D.A.R., the Lemon Growers' Association, the Episcopal Church Guild and the San Fernando Community Council, which includes the Chamber of Commerce, the Advertising Club, the San Fernando-Pacoima Farm Center, the Ebell Club, the Elective Study Club, Women's Civic League, Morning Parent-Teacher's Association and the San Fernando P.T.A. When completed the new park will be a replica of the Sacred Garden of Santa Barbara Mission, with the exception that this park will be open to men and women at all seasons of the year.

FRESNO MAN BANKRUPT.

Joseph H. Anderson, conducting the Normal Grocery Supply Company at Fresno, filed a petition in bankruptcy in the United States District Court yesterday. His assets are \$4657.28, and his liabilities are \$1429.01, of which \$75 is listed to be exempt.

IN "THE TIMES" NEXT SUNDAY

THE DISARMAMENT CONFERENCE

The Times has made extraordinary preparations for giving its readers a complete and accurate account of every phase of the momentous conference in Washington on the limitation of armaments. Among the famous writers who will describe the conference and analyze its results for The Times are: Henry Wales, noted war correspondent; Philip Kinsley, expert on the armaments conditions in China, Japan and the Philippines; Arthur Sears Henning, authority on national and international politics; Brig.-Gen. Henry J. Reilly, military observer for the United States in several wars, a commander of a brigade in the American Army of Occupation in Germany, and well known as a writer on military affairs; Ferdinand, editor of L'Echo de Paris; Harry Carr; J. G. Hamilton of the London Chronicle; and Robert B. Armstrong, The Times' Washington correspondent.

Made-in-Los Angeles Sale

Watch Sunday's Times for announcement of this event! Thousands of dollars of Los Angeles Made Merchandise is going to be sold 'way underworth.

HELPED GET PROBATION; SORRY NOW.

Woman Who Worked to
Save Forger from Jail Will
Try to Have Him Held.

The hand that helped Glenn Brophy, 18 years of age, admitted forger, get out of jail, will assist to put him in State's prison. So stated Mrs. Anna Kauffman, friend of Brophy, who appeared at the County Jail yesterday in response to a note from the young man. In a severe arraignment she told him that she felt her help to him in gaining probation had been of no avail and that she would be just as active in sending him to prison. Brophy had just been arraigned before Justice Hinshaw on a new charge of forgery of a check for \$100, said to have been cashed at the Angulus Jewelry Shop. The name Thomas J. Brunton was signed to it. His hearing was set for November 17. Brophy had been given probation over the protest of Probation Officer May. He blamed illicit drugs for his second arrested offense. Mrs. Kauffman said to Brophy, as guards gathered around in the County Jail, that she had done all for him that a mother could, that she had arranged to give him work and a monthly allowance for expenses. "Then," she said, "you lied to me. I have helped 118 people in trouble and you are the first to betray my confidence. I feel I have lost my faith in people in jail and cannot do anything more for them."

JAIL BREAK FRUSTRATED BY SHERIFF.

Five Saws Are Taken from
Prisoner Whose Identity
County Officers Conceal.

What is thought to have been a plot for a general break at the County Jail was frustrated yesterday by the vigilance of Sheriff Tracer and his deputies. As the result of a search of the jail by Jailer Cronin, following information from the Sheriff, three small and two large hacksaws and two saw frames were discovered and placed with a varied collection already in the hands of the Sheriff. The recent bold attempt of Horace Box to escape, resulting in his slaying by deputy sheriffs, the fact that Tom Sharkey, who once escaped from the jail, and that Frank Alvarado is in the institution, led to the idea that a more or less general delivery was planned. Alvarado was in the jail for a few days, having been brought here as a witness in a case in Superior Court. He was returned to San Quentin on Tuesday. As in all cases where he was transferred from one prison to another, he was guarded by two deputies. Jailer Cronin obtained the saws from a prisoner whose name was withheld. A strict watch is being kept in case other saws are secreted about the jail.

PERMITS TO HAND; WAIT FOR BEER.

May Pass No-Beverage Bill
Before Brewers Get Leave
to Manufacture Fluid.

"Rah, rah, rah, three cheers and a tiger!" Everybody sing. "We're here because we're here," etc., etc. The beer permits have arrived, and possibly 100 physicians dropped in yesterday on Prohibition Agent Wheeler to see what arrangements can be made to alleviate the threatened epidemic of sickness that can be successfully treated only with two gallons and a half of the amber fluid. But don't hurry. The beer has not yet been made. The local brewers have applied for permits to manufacture, but it is believed some time will elapse before the coveted documents are received, if they come at all, for the latest advice from Washington are to the effect that the anti-beer bill will be a law before the brewers are allowed to resume the manufacture of the concentrated essence of the hop. Under that bill, if it becomes a law, and the prospects in that direction are very bright, there will be no beer to be had, under any pretext or for any purpose. So it might be well to postpone the burning of the red fire in celebration of the victory for "liberty" until a later season. In fact, you may have no use for it at all.

ENOS MILLS TO LECTURE. Enos Mills, scientist and philosopher, who for many years has been working for the preservation of the natural beauty spots of America, will arrive in Los Angeles November 18, and will speak that night in Choral Hall on "The Wonders of America." Mr. Mills, who enjoyed the friendship of Theodore Roosevelt, John Muir and John Burroughs, will tell of the conservation campaigns carried on by these famous nature lovers.

Home Ideals Find Complete Realization in Barker Bros.' Almost Boundless Assortments and Unrivalled Service

As the people grow into knowledge of the Art of Living, learning to find joy in the beauty of things that they are associated with daily, they see that life may be lived more fully in a home that expresses the worthiest and best of which they are capable.

Home ideals have their beginning in an appreciation of beauty and the desire to enrich life by placing beauty where it may be lived with every day.

Every home may reach its highest expression of beauty, comfort and livableness, and yet be desirably different from all other homes of its kind, so vast, so varied and of such high quality are the displays of Furniture and other appointments for the Home at Barker Bros., now the Largest Home-Furnishing Institution in the World.

Here is found not only unlimited selection, practically, but competent guidance in the choosing and combining of things beautiful, serviceable and comfortable to go into a permanently satisfying Home.

The homes of many nations were made glad when the signing of the Armistice marked the firing of the last shot in the World War.

Barker Bros.' store will remain closed today, ARMISTICE DAY.

TRAP LAID FOR GIRL KIDNAPER.

Police Hunt Clew to Writer of Ransom Letter.

Guard Place Named in Note for Delivery of Cash.

Mather Seeks Aid in Search for Lost Daughter.

A note demanding \$500 for the ransom of Miss Ruth Conwell, 15 years of age, a dancer who disappeared from her home at 424 1/2 South Avenue 21 on the morning of the 1st inst., resulted yesterday in a squad of patrolmen armed with revolvers and sawed-off shotguns, under Police Detectives Hawtry and Canto, being sent to Naples, near Seal Beach, in an effort to trap the kidnaper.

Mrs. Bell Yant, mother of the missing girl, turned over to the police the note sent to her home by special delivery early yesterday morning, and requested that an effort be made to arrest the persons who write it.

LETTER ASKS RANSOM.

"Dear Madam: Your daughter was kidnapped to be sold into white slavery. She will be taken to Chicago as soon as the parties who are buying her get here. But as yet she is safe. She is to be sold for \$1000 but as my partners have double-crossed me for \$500, I will tell you where she is being held. This is your only chance to get your daughter back. If you turn this letter over to the police it will prevent my helping you and you will never see the girl again."

"Immediately on receipt of this letter get \$500 in bills, take an auto or taxi and drive to Long Beach—thence to Naples on the Seal Beach road. When you get to the big hotel at Naples you go straight ahead to the water front—that is, instead of turning to the right where the main road a couple of hundred yards past the hotel, you go right down to the sand road to the edge of the canal. There you will see a blue chalk mark on the cement. At this mark look over the wall and you will find a nail driven into a crack in the concrete to which is tied a string. Pull up this string and you will find a tin can with a pry lid. It is open the same and put in the \$500, press the lid down and place light and let the can fall back in the water and return home. If these instructions are followed to the letter, immediately on receipt of the money, I will return your girl to you safe and sound."

HOAX SUSPECTED.

The letter, which the police say is probably a hoax, was mailed in Los Angeles. It is typewritten on plain white paper and unsigned. No one was at home when it was delivered, but as soon as Mrs. Yant received it she notified the police. A full stage money was placed in the can by Los Angeles police officers and a guard posted.

According to Mrs. Yant's first report to the police, her daughter left

GREWSOME EXCUSE TO GET HOLIDAY.

Worker Said Brother Died to Win Vacation, Wife Declares in Suit.

The unique excuse of Gus Majors, an employee of a local store, to obtain a holiday and its serious results, form one of the grounds of a cruelty charge in the divorce suit of Mrs. Rachel Majors, called in Judge Summerfield's court yesterday and continued until Tuesday.

On April 16, 1920, Mr. Majors informed his employer that he wanted the day off as his brother had died. He apparently enjoyed the holiday, but it was a very sad day for his sister-in-law, who had that day seen her husband off to work.

Mr. Majors's fellow-employees sent a large wreath of flowers to the house of the "deceased." It was received by the "widow" who immediately became hysterical. In the evening the "dead" man came home from work which was another shock to the "widow." Then followed an interview with Mr. Majors and his halting explanation.

Mrs. Majors says she was also upset by the sudden "death" of her brother-in-law.

Three Hundred More Policemen is Goal of Club.

Employment of at least 300 additional patrolmen, as urged by police officials, is supported in resolutions adopted yesterday by the civic committee of the Lions Club. The matter will be laid before the club members.

The resolution points out that the police force is considerably less than that of any other city of like size and population and that the police force is daily becoming less able to handle the demands made upon it by reason of the rapid increase in population and "particularly meet the great crime wave now prevalent throughout the country and also to properly check the great number of traffic accidents."

SAYS ARBUCKLE WILL TELL ALL.

Counsel Will Spring Twelve Secret Witnesses.

State Sends Subpoenas for Two Men Here.

Trial of Cinema Comedian to Begin Next Monday.

Prosecution subpoenas for Dr. George R. Diven, Hollywood physician, and Al Treloar, athletic director of the Los Angeles Athletic Club, to appear as witnesses in the trial of Roscoe C. Arbuckle in San Francisco on Monday, are en route to Los Angeles. It was learned last night.

Dr. Diven had not been served at a late hour last night. He stated he had formerly attended Miss Virginia Rappe, for whose death Arbuckle is to stand trial. He had attended Arbuckle at one time, he said.

Twelve other Los Angeles persons are en route to San Francisco to testify for the defense. Five prosecution subpoenas have been prepared for service in Chicago. Milton Cohen, counsel for Arbuckle, disclosed the reason for securing twelve blank subpoenas to serve in Los Angeles just before boarding a train for San Francisco late yesterday.

SECRET WITNESSES.

The dozen secret witnesses are the heavy guns by which the defense hopes to clear Arbuckle of any implication in Miss Rappe's death, according to Attorney Cohen. He stated that the names of these witnesses will not be disclosed until they were called to the witness stand.

"These witnesses are professional business and motion-picture people of Los Angeles," said Mr. Cohen. "We are withholding their names because we have decided to use the same tactics as used by Dist. Atty. Mathew Brady in this respect. We do not propose to have him talk to any of these witnesses except on cross-examination."

Arbuckle will be the star of the secret witnesses, it was said by Attorney Cohen. He will take the stand and tell the complete story of the ill-fated party at the St. Francis Hotel and will bring his long silence on the subject at that time by answering any question that the prosecution may care to ask him.

MAY CALL LEHRMAN.

There was a rumor current yesterday that the prosecution may subpoena Henry Lehrman, motion-picture director and avowed sweetheart of Miss Rappe. Mr. Lehrman is now in New York. It was disclosed that Dist. Atty. Mathew Brady recently asked the defense to stipulate to a deposition to be made by Mr. Lehrman, but that Attorney McNab, representing Arbuckle, refused to do this, countering with the offer to pay for Mr. Lehrman's fare to San Francisco if the prosecution would subpoena him. Negotiations ended there.

Alice Blake and Zey Prevost, actresses, are expected to be the star witnesses for the prosecution.

ACCUSES BRADY.

(By a New York Press.) SAN FRANCISCO, Nov. 10.—A charge that Dist. Atty. Brady is in possession of a sworn statement by George Glennon, house detective of the Hotel St. Francis, which purports to clear Roscoe C. (Patty) Arbuckle of all criminal responsibility for the death of Miss Virginia Rappe, was made today by Attorney McNab, chief counsel for Arbuckle.

"The best proof that Mr. Glennon did not make any such statement is our firm belief that Arbuckle should be tried for murder and not manslaughter," was Mr. Brady's answer to Mr. McNab's statement. Mr. McNab said he would attempt to have the statement produced during the trial.

In admitting possession of a statement from Mr. Glennon, Mr. Brady said he had obtained statements from all who had any interest in the Arbuckle case "in order to get at the truth."

FUTURE IN DOUBT.

(EXCLUSIVE DISPATCH.)

NEW YORK, Nov. 10.—Roscoe Arbuckle's future in the film world, according to officials of the Famous Players-Lasky Corporation, depends on the outcome of his trial in San Francisco. The trial, which is expected to begin on Monday, will be a test of his ability for the death of Miss Virginia Rappe.

If the result of the jury's verdict shows that the comedian was unjustly accused, it is said that his contract with Famous Players-Lasky, which is now temporarily suspended, will be carried out. However, as Melighan and himself have been friends for a long time, Melighan is expected to make a short trip to New York, returning in about two weeks to commence work on the story.

WAR WORKERS WILL CELEBRATE TODAY.

Two hundred war workers of the Y.M.C.A. in uniform will gather at dinner at 8 p.m. today in celebration of Armistice Day under the auspices of the Red Triangle Club of Southern California. Invitations have been issued to the overseas secretaries, the home camp secretaries, the Y.M.C.A. recruiting and war work committees. The gathering will be at the central Y.M.C.A. Building, an informal social half-hour being scheduled before the dinner.

FOOD FOR ORPHAN TOTS.

A ton of cornmeal was distributed in equal lots among the children of nineteen orphan homes yesterday by C. M. Pierce. The meal will be turned into mush for the homeless youngsters' breakfast many days to come. A half-ton of apples from the Wedington orchards, making a total of eight tons this season, also were distributed to the institutions. The cornmeal was donated by the Goffrey Cafeteria.

KANSAS EDITOR HERE.

Hugh J. Powell, editor and owner of the Coffeyville, Kan., Daily Journal, yesterday arrived in Los Angeles on his return trip from Honolulu, where he was a delegate to the World Press Congress. He is visiting his brother, Charles H. Powell, of 245 South Flower street.

Armistice Day Friday, Nov. 11, The Broadway Will Be Closed

This day is, in accordance with the President's proclamation, to be marked by special ceremonies in connection with the burial of an unknown soldier. The proclamation further recommends that "all public and church bells throughout the United States be tolled between 11:45 o'clock a. m. and noon," and that there be a "period of silent thanks from 12 m. to 12:02 p. m."

Broadway Department Store

GEORGE ADE HERE TO WRITE FOR FILMS.

Accompanying Jesse L. Lasky, who returned to this city yesterday, was no less famous a person than George Ade, the author, who has come West to write an original story for Thorntons Melighan. The title of the feature is to be "Our Leading Citizens."

For a considerable time Mr. Lasky has sought to prevail upon Mr. Ade to write such a story for the screen, but the author was not inclined to accept any proposition. However, as Melighan and himself have been friends for a long time, Melighan is expected to make a short trip to New York, returning in about two weeks to commence work on the story.

"Red" Suspects, Facing Court, Spurns Counsel.

Eleven defendants, all accused of criminal syndicalism, spurned the aid of lawyers yesterday in Judge Whill's court and each acted as his own attorney. Each salesman was separately examined by Deputy Dist. Atty. McCartney and Turney and by each of the eleven defendants. It is the first case in this county wherein a defendant is accused of criminal syndicalism that the prosecution has taken advantage of the new law which permits the court to try at one time all jointly accused in one indictment.

DOCTOR BUCHER MADE SANATORIUM DIRECTOR

Dr. William H. Bucher, long prominently identified with the California Tuberculosis Association, has been made medical director of Olive View, Los Angeles county's new sanatorium. Dr. Bucher was physician in charge of the motor clinic which toured the State last year, carrying aid to patients in remote districts.

Jailer Refuses to Hold Mother and Her Baby.

County Jailer Cronin "has a heart."

When the town marshal of San Fernando brought Mrs. Rita Beras and her 8-day-old baby to the jail on a charge of receiving stolen property last night, Jailer Cronin refused to accept her.

"We don't put week-old babies in this jail," said Mr. Cronin.

He then telephoned to Justice Decker of San Fernando that he would stand responsible for the appearance of the woman. Mrs. Beras was accused of having purchased two stolen chairs more than a year ago.

PROGRAM TONIGHT BY OVERSEAS CLUB.

British residents of Los Angeles are interested in the program to be given this evening in the Overseas Club headquarters at 110 South Spring street in honor of Armistice Day. Tea and English muffins will be served from 8 until 8:30 p. m. and cooked food and candy will be sold. The funds will be applied to the relief of wounded soldiers who reside in Los Angeles.

MAYNE REFUSED BAIL.

Convicted in Bunko Case, Man Fails in Effort to Gain Liberty.

Fred Mayne, convicted bunko man, yesterday was denied by Judge McCormick a motion to be admitted to bail. Mayne was convicted some time ago on his financial activities and, in a higher court, the decision of the Superior Court here was reversed. He is awaiting a new trial and yesterday was the first attempt to be released on bail.

TELLS HALL OF JUSTICE PLANS

Supervisor Beam Outlines Proposed Betterments.

Best Improvements to be Embodied in Jail.

New Building Will House All Criminal Departments.

BY J. H. BEAM.

Member of Board of Supervisors. The action of the City Council in order to accept the offer of the city of Los Angeles to use a portion of the new Hall of Justice for the city and county departments, will make it possible to provide a building that can be used by both the city and county, wherein all criminal work will be done.

The building will have a frontage on Temple street reaching from the city street to the corner of the city street. It will be a building of 177 feet, and a depth of 100 feet with a height of 125 feet. It will be a building that every room will have natural light, be well ventilated and have all on each floor. Also it will provide for rest rooms for women in each department, or New High-street, will be used for the housing of the department, and by both the city and county departments.

The main floor, or Temple-street entrance, will contain the Sheriff's office, the constable's office, an up-to-date public morgue and quarters for the jailers.

The second floor, or Buena Vista-street entrance, will provide for the police department, detective department and an assembly room for the police, with a seating capacity of 500.

The third floor will be used partly by the police department and the city and county departments. The fourth floor of the building will be used for the District Attorney's office, the Public Defender's office and the grand jury room.

The fifth floor will be for the District Attorney's office, the Public Defender's office and the grand jury room. The sixth floor will contain five courts, two justice courts, the court clerk's office, the justice clerk's office and the grand jury room.

The seventh floor will contain separate courts for men and women jurors, rest rooms for each court, judges' chambers, court clerk's rooms, court clerk's rooms, rooms for the newspaper reporters, rooms where the jury may be locked up for the night, and a sleeping quarters for the judges' chambers and courts.

It is arranged that a judge can go to his chamber without going through the courtroom; that he can go through the main or messenger corridor, and it will be so arranged that when he enters the courtroom he is on the bench. It is arranged that the prisoner will come from the jail to any courtroom without going through any hall, eighth, ninth and tenth floors will be the jail quarters and there will be an additional half-story for the kitchen.

COMPULLED .. TO .. SUBMIT .. TO .. WOMAN?

"Victim" Gives Startling Testimony in Extortion Case Against Six.

Mrs. Joe Palmer (left) and Mrs. A. B. Moore.

expansion of the jail quarters, only a part of which will be used at first. The first floor of the jail portion will contain the jail quarters, rooms where trustees doing the work of the jail will sleep, a room for visiting deputies, a chapel for the men where services of different denominations may be held, identification department and receiving quarters. Also hospital arrangements where any sick prisoners will be cared for.

The second floor will contain kitchen and dining-room quarters, storeroom, bakery and property room.

FLOOR FOR WOMEN.

The third floor will be the women's quarters. Each floor of the jail proper, where the cells are, will be eight feet in height; the cells will be so arranged that each cell will face the light and will face upon a corridor so that not to exceed twelve prisoners at any time can be associated together. The jail is so arranged that nearly 100 segregations can be made of the men prisoners and about thirty segregations of the women prisoners.

Each cell is provided with sanitary arrangements, running water which can be used as a drinking fountain and for washing purposes. The interior of the building surrounding the cells will be lined with white or cream tile, which we believe will make the building as sanitary as it is possible to make a jail.

Upon the roof of the building we propose to have an outdoor recreation place, where both the men and women prisoners, separated by a high partition, can exercise at one time. It is proposed that a prisoner entering the jail, when he is first booked, will be taken direct to the dressing-room, where he will be given jail clothing, and after taking a bath will be taken from there to some section of the jail and placed in a cell. We do not propose to have in this jail any tanks, or places where the men will be berded together into one room.

It is not proposed to build this building to house convicted men and

women. It is the intention of the county that only those who are awaiting trial shall be held in this jail and that as soon as a person is convicted, he shall be taken somewhere where he will be in a sanitary, well-ventilated industrial plant, or some outdoor work, where he will be compelled to work, as we believe that no man or woman was ever reformed in idleness and that work is the best remedy for crime.

This building probably will cost about \$2,250,000, and will take about two years to build. It will take about four months to prepare the plans and we hope to have them ready by that time to call for bids and award the contract.

Eight elevators have been provided for, one elevator being for freight. The dining-room will seat 300 prisoners. When not in use for dining, motion pictures will be shown. Visitors and prisoners will be separated by two wire gratings a foot apart. In this way dope or instruments for breaking jail cannot be passed to prisoners.

"FLASHES FROM FRONT" VIEWED BY WARRIOR.

Following a banquet held in their honor at the Alexandria by the Lion's Club at the weekly meeting yesterday, fifty Army officers representing the American, Belgian, French, British and Italian forces stationed in Southern California, together with veterans of the Civil, Spanish American and World wars, attended a showing of the Los Angeles Post, No. 8, Disabled American Veterans of the World War's motion picture, "Flashes From the Front," as the special guests of Sid Grauman at Grauman's Million-Dollar Theater. The soldiers attended both the Lion's Club banquet and the Armistice week program at the Grauman Theater, with full colors and color guards.

C. S. Hutson was chairman of the day at the Lion's Club meeting.

KENNEDY EDICT DUE TOMORROW.

Ruling on Madalynne's Appeal to be Made by Court.

Woman and ex-Husband Hold Lengthy Conference.

Burch Talks With Attorney in the County Jail.

Madalynne Obenchain must wait until tomorrow to learn what action, if any, the District Court of Appeal will take on her petition to compel Judge Reeve to grant her immediate trial or quash the indictment which charges her with being jointly responsible with Arthur C. Burch for the murder of J. Belton Kennedy, a local broker.

Division 1 of the Appellate Court late yesterday announced that no action will be taken on the petition until tomorrow. At that time the court may issue an order for the District Attorney to show cause why Mrs. Obenchain has not been brought to trial or the court may deny the petition without further proceedings. In case the former course is taken, Dist. Atty. Woolwine and Deputy Dist. Atty. Fricks will submit an answer to the petition and arguments probably will be heard.

While awaiting the result of the appeal to the higher court to force the trial of Mrs. Obenchain, she and her former husband, Ralph Obenchain, who now is assisting Charles E. Erbein in her defense, spent three hours in conference in the County Jail.

Burch, who is declared by the prosecution to have come here to kill a stranger to him in order to please Madalynne, also spent a day of waiting in the jail. John J. Sullivan, associated with Paul W. Schenck and Richard Kittelle in the Burch defense, was in conference with his client for half an hour. Meanwhile, Mr. Schenck and Deputy Dist. Atty. Keyes are on their way to Chicago to take depositions relating to Burch's alleged insanity.

Accompanying the Obenchain petition yesterday were transcripts of all the proceedings since the indictment, such as arraignment, pleas, setting of the cause, motions for bail, separate trial motions, the efforts to test Burch's sanity before his murder trial and the various motions to dismiss the case or to try Mrs. Obenchain at once.

CRYER WILL BE BUSY.

Mayor to Take Part in Armistice Day Parade and Make Speech.

Mayor Cryer will pass a busy day today participating in the Armistice Day celebration. In the morning he will take part in the parade and speak at the exercises which will follow at Exposition Park. In the evening the Mayor will attend the dinner and dance of the Interpost Council, American Legion, at the Cindersella Roof Garden, and at 11:30 p.m. will speak at the celebration held in the Fraternal Order of Eagles clubhouse, on West 125th street.

Army Air Men Arrive to See Football Game.

Col. L. S. Chapplear, U.S.A., in a De Havilland plane, piloted by Maj. H. H. Arnold, reached Los Angeles yesterday at 2 p.m. He will attend the Army-Navy football game this afternoon. He made the trip in exactly four hours, having left the Pacific at San Francisco at 10:45 a.m. While he is in this city, Col. Chapplear will be the guest of Champ E. Vance at his home, 740 South Alvarado street.

Col. Chapplear was accompanied by Lieut. Halverson, also one of the noted Army flyers, who, like Maj. Arnold, saw active service in the war. Lieut. Halverson was accompanied by Robert D. Adams, an Alaska miner, who was made prominent by Rex Beach when "The Spoilers" was written. "Bob" Adams is the Wolf in that story.

He declared that she threatened to scream if he left her, and that he gave her money during these meetings, under threat.

Dep. Dist. Atty. Costello states that he will introduce testimony to indicate that the defendants forced Hargraves to go on an automobile ride and induced him to sign a promissory note for \$700. A charge of kidnapping has also been filed against the defendants.

HOLLYWOOD CHAMBER DRIVE IS EXTENDED.

ORGANIZATION IS SECOND LARGEST COMMERCIAL BODY IN SOUTH.

The Hollywood Chamber of Commerce, organized to supersede the old Hollywood Board of Trade, yesterday became the second largest civic-commercial organization in Southern California, following the closing of its four-day membership drive, in which 1948 members were brought into the organization.

Four more days will be devoted to a whirlwind clean-up campaign in an effort to boost the membership to 2500. The final report of this additional four-day canvass will be made at a luncheon of the team-workers next Tuesday noon.

Business and professional men, film stars and employees of Hollywood's studios took part in the drive. One of the four divisions led by Charles E. Christie of the Christie Film Company was composed almost entirely of motion-picture people.

Former Senator Cornelius Cole, who soon will celebrate his hundredth birthday anniversary, was the oldest member to join the Hollywood organization, and Jackie Coogan of film fame was the youngest.

TO VENTILATE TUNNEL.

Council Approves Cash for Third Street Tube Apparatus.

On motion of Councilman Sparks the City Council yesterday by a vote of 14 to 1, President Criswell voting "No," appropriated \$2000 for the installation of ventilating apparatus in the Third street tunnel. The Business Men's Co-operative Association and other organizations have long protested over conditions in the tunnel due to gases from automobile engines. The ventilating machinery is intended to remove these gases from the tube.

A Patriotic Youth.

"Pa." said Willie, looking up from his picture book, "when God made the sebra, why didn't He print some stars on him so he'd be a regular walking American flag?" (Boston Transcript.)

You spend little for bread compared with other foods

Why not have the BEST?

Study your groceryman's slip next time you get an order of groceries. Sum up the amount you spend for meats, eggs, butter, etc. See how much more you get for your bread money than for the money you spend for other foods. Yet bread furnishes consistent brain power as no other food can.

Bread is nature's best food, provided it is made of pure, clean ingredients and baked properly. HOLSUM, so high in food value that it is capable of sustaining life without the addition of any

other food, is produced from the best materials scientifically blended, baked to a crisp brown turn. "Made clean, sold clean, delivered clean" — fresh twice daily at your grocer's.

To be sure you get the most for your money, and the BEST — Don't say "Bread" — say HOLSUM to your good grocer.

Ostrich and Coque Feathers
Less than 1/2

—They are the kind of feathers one finds on hats ranging anywhere from two to five times the price of the feathers alone! We just can't seem to find words to express their exquisiteness, their smartness, their—their—but words fail us!

—There are ostrich feathers galore, burnt goose, and coque feathers in, oh! so many elaborate designs—some fit the crown; others form a brim; still others in long drooping effects. And the colors!—Well, there is almost every color in the rainbow; some in beautiful combinations, some in plain black, some in bronze—but see them in the window and you'll understand why we can't tell all about them.

—They are all pinned on frames that expert milliners have chosen as the proper shape to suit the feathers! Almost every woman could cover the frame with the kind of material she desires, tack on one of these feathers and have a hat that she would pay anywhere from two to five times the price of the feather alone!

—See the window display!

The People and Their Daily Troubles

Elizabeth Jordan's Column.

HER SECRET PROBLEM.

The Widow was worried. Also, she was in the society of her best woman friend. She grew confidential.

"I'm rather uncertain about something," she began abruptly. "Stuart Coleman was in town again yesterday and we dined together last night."

"Stuart Coleman?" echoed her friend. "You mean the man who asked you to marry him twenty years ago and who now lives in some town away down south with a wife and a brood of grown-up children?"

The Widow nodded.

HAPPY STUART COLEMAN.

"The same," she corroborated. "And he loves his wife devotedly and is bursting with pride over his children. But, nevertheless, he runs up north about once a year to see me."

The friend's mouth pursed a little. She was middle-aged and she had her standards. The opening of this confidence did not appeal to her and she was about to say so when the Widow went on:

"The week before he came Jim Rutland came on from the West. We dined together and went to the theater."

"Isn't he another old lover?" asked the friend, rather coldly.

"Yes, he was Jack's most dangerous rival. When I married Jack, nineteen years ago, I really was not quite sure whether I liked him better than Jim. But I soon found out I did, so it was all right," she ended, peacefully.

"But my dear!" Her friend was the uncompromising kind who did her duty as she saw it. "Do you think it is quite nice to see so much of these married men when they come here?"

The Widow sighed.

"I don't know," she confessed. "That is what is worrying me. It's the problem of my life. I want your advice. But first of all, look at me. Tell me, do I appear to be in any way a Delilah? Wouldn't you feel perfectly safe to have your Henry take me out for dinner?"

NO DELILAH TO LOOK AT.

Her friend looked, but before she could speak the Widow went on helpfully:

"I am over 40. I need not say how much over. I'm too plump and I'm too lazy to hunt and hunt and of the twenty pounds I ought to lose. My complexion has gone off, too, but of course that doesn't show at night. In fact, when I'm in my war paint and the lights are not too bright—they never are in the best restaurants—I look quite nice. And, of course, I still have my eyes, which were always my best feature."

"My dear," faltered her friend. "I don't see what all this is—"

"It's leading up to my big problem," interrupted the Widow, briskly. "Both these men we have been talking about are small-town men, and probably the most highly respected citizens in their towns—big frogs in their little ponds. Eleven months out of twelve they are perfectly content with their lives, their environments, their families. Then suddenly it occurs to them that there is no romance in their lives. They think of me. They recall old days. And, forthwith, they make a sentimental pilgrimage to my shrine. By the time they get here," she added, cheerfully, "they have con-

year, that widely used, but utterly delectable word "ain't." How it grates on one's ears! And no wonder; for it is an incorrect abbreviation of an ungrammatical use. So, it is doubly bad. "It ain't nice" is really "It is not nice." "Ain't he kind?" is really "Are he not kind?" Of course, anybody can see that these sentences are incorrect. I suggest that during this year, in schools, in homes, in the press and on the street, we unitedly set ourselves to banish the word. In homes, the members of the family might agree upon some simple, mirth-provoking fine as penalty every time the word is used.

Particularly, I beg that the press lend its powerful influence. Mr. Editor of The Times, will you not set the example? First of all, I suggest you banish from your columns that large-lettered heading to one writer's screed "Ain't it the truth?" "Ain't it just so?" I assure you, that thing has spoiled for me, many a fine editorial page of yours! What he has to say will surely be fully and humorously if it is headed, "Ain't it the truth?" or "Isn't it just so?"

L. S. BATES.

Volcanic Objection.

LOS ANGELES, Nov. 9.—[To the Editor of The Times:] Regarding the tentative selection by the library of the new library building,

as reported this morning in The Times, I am writing to you to inquire how any board of this city or even the Council itself, can override the vote of the people, which has been cast in favor of Pershing Park as the location for the library building.

Are the people sovereign, or not? Can any action by a creature of the people set aside the will of the people? Any such attempted action could doubtless be halted by injunction, referred to the courts, and doubtless be referred back to the people. Otherwise democracy is but a name.

Will not the selection of any other site than Pershing Park have to be made by popular vote, in the circumstances?

The assumption by the library board "that the board believes that a majority of the citizens are opposed to diverting part of Pershing Park from its present use" is entirely gratuitous and without foundation until the sovereign people have spoken on the matter by a legal vote. It would seem that the people must ultimately decide this matter, if their former decision is in serious danger of being annulled, or if since their former vote there have been a change in their view. Let us find out by another legal vote at once, and thus avoid delay and possible complications.

GEORGE L. BURTIS.

Library Suggestion.

LOS ANGELES, Nov. 9.—[To the Editor of The Times:] Referring to the architecture of the new library building, some weeks ago a suggestion was made through a letter to The Times about making it conform with the adjoining many storied buildings, and to rent the storied rooms until the needs of the library demanded more space when they could be taken over for such purposes. This appeals to me as a splendid idea as a means of acquiring revenue for the library while keeping it reserved for prospective use of the growing library.

In connection with and in addition to this, I wish to suggest the arrangement of several compartments in the reference department, about the size of a drawing-room on the

Beware of Tender Gums

Unhealthy soil kills the best of wheat. Unhealthy gums kill the best of teeth. To keep the teeth sound, keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.

Pyorrhea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ills.

To avoid Pyorrhea, visit your dentist frequently for teeth and gum inspection. And use Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today.

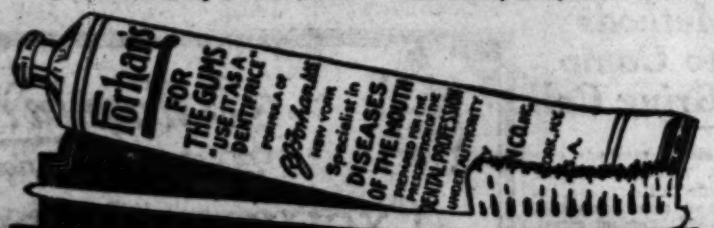

Brush Your Teeth With Forhan's—How to Use It

Use it twice daily, year in and year out. Wet your brush in cold water, place a half-inch of the refreshing, healing paste on it, then brush your teeth up and down. Use a rolling motion to clean the crevices. Brush the grinding and back surfaces of the teeth. Massage your gums with your Forhan-coated brush—gently at first until the gums harden, then more vigorously. If the gums are very tender, massage with the finger, instead of the brush. If gum shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c. All druggists.
